NAME: _____

SCIENCE	
LIFE PROCESSES & LIVING THINGS	**P8**

- Use a magnifying glass to observe and identify 2 similarities between: 2 flowers/leaves…… 2 minibeasts ……
- Use a magnifying glass to observe and identify 2 differences between: 2 flowers/leaves …… 2 minibeasts ……
- Describe the pattern found on 3 different plants/animals, *e.g. spots on a ladybird, petals on a flower* ……
- Sequence a series of 5 pictures showing life cycle of: an animal…….

  a plant…….

  a human ……
- Sort pictures/models: trees and flowers, insects and mammals ……

Performance Description - P8 **Pupils show they have observed patterns or regular changes in features of objects, living things and events, *e.g. chrysalis/butterfly day/night.* They make some contribution to planning or evaluation and to recording their findings. They identify a range of common materials and know about some of their properties. They sort materials using simple criteria and communicate their observations of materials in terms of these properties. Pupils make their observations of changes of light, sound or movement that result from actions, *e.g. using a volume control or a dimmer switch* and can describe the changes when questioned directly.**
