NAME : _____

SCIENCE	
LIFE PROCESS & LIVING THINGS	**2C**

- Know 1 requirement for plant growth, *e.g. food, water, light, warmth* ……
- Know 1 requirement for animals to survive, *e.g. food, water, air, warmth, movement* ……
- Know 1 stage of a plant life cycle, *e.g. seed, flower, root, shoots* ……
- Know 1 stage of an animal life cycle, *e.g. egg, baby, child, adult* ……
- Sort animals or plants into groups using a given criteria, *e.g. shape of leaf* ……
- Know 1 habitat and name 4 living things found there ……

Level Description – 2C **With support & questioning pupils use their knowledge about living things to describe the basic conditions *e.g. a supply of food, water, air, light* that animals & plants need in order to survive. Recognise that living things grow & reproduce. Sort living things into groups, using simple features. Describe the basis for their groupings *e.g. number of legs, shape of leaf*. Recognise that different living things are found in different places *e.g. ponds, woods***
