NAME : _____

SCIENCE	
SCIENTIFIC ENQUIRY	**2C**

- Copy a group demonstration to carry out a simple investigation, *e.g. an experiment to show water evaporation* ……
- With support, complete a simple table to record observations using text……
- By answering closed questions, predict outcome and evaluate ……
- Make suggestions on how to collect data ……
- Say whether what happened was what they expected or not……

Level Description - 2C **With support & questioning pupils respond to suggestions about how to find things out &, with help, make their own suggestions about how to collect data to answer questions. They use simple texts, with help, to find information. They use simple equipment provided & make observations related to their task. They observe & compare objects, living things & events. They describe their observations using scientific vocabulary & record them, using simple tables when appropriate. They say whether what happened was what they expected**
